

PATIENT CHOICE

It is your choice of which GP practice you wish to register with. So if you have a preferred surgery please let it be known when you hand in your completed registration form & patient questionnaire at our 'Welcome Desk' on the ground floor.

You can follow all the surgeries on Facebook and Twitter.

UNIVERSITY REGISTRATION INFORMATION

WELCOME TO CHESTER

Joining University is an exciting time but months away from home can also be a daunting experience. It is important not to neglect your health & well-being at this important busy time of your life.

Don't put it off - just fill out the attached registration form and patient questionnaire and hand it in at our welcome desk. You can also register online at any of the four practices at Fountains Health.

This does not mean when you go home in the holidays you can't be seen by your previous GP - you can simply register there as a Temporary Patient and they will forward the information to us to continue your ongoing care.

This way you will have peace of mind that there is continuity of your healthcare and well-being throughout your time at University.
